Subject: Former Ambassador Laundry - Fuel Leak Case No RO0002973

Barbara

Thank you for your letter acknowledging receipt of the Response to Comments on the Review of the Post Remediation Evaluation Work-plan for the Former Ambassador Laundry Site, dated January 9, 2009. The modifications requested will be implemented.

Currently we are planning on starting the field work at the Site of Monday January 26, 2009 because the CPT rig is not available until then. I will let you know the exact date of the field work as soon scheduling is confirmed.

This message serves to request a 30-day extension of the March 9, 2009 deadline to submit the soil and water investigation report. It is unlikely we would be able to meet the March 9 2009 deadline because the field work won't be completed until the first week of February and the analytical results will be requested in a five day turn around time. I appreciate your consideration in this regard.

Thanks for your help,

Alvaro
