Subject: FAL Investigation Due Date Extension Request

Barbara

This message was prepared to request an extension on the Former Ambassador Laundry investigation due date. As you are aware, last month's rains have delayed the completion of the field work. I went by the site this afternoon and water is still ponded in several areas of the site where we plan to work. Given current field conditions I am not sure we will be able to complete the CPT exploration by the end of next week and the drill rig/crew is not available until the end on the month.

Given these delays and the problems I think we can complete the field work and report by May 29, 2009. Please let me know if this revised due date is acceptable to you. We are committed to expedite this investigation and appreciate your understanding in this matter.

Thank you,

Alvaro
