Rebekah,

I she spoke with Dilan; I've not spoken with her, but was copied on a very brief email without any real information.

Thanks for the update.

Mark:

I just received a phone call from Elvira Orly regarding the site. She said that she had spoken to you and that you told her our report was due December 15<sup>th</sup> unless we requested an extension. I informed her that the extension had been requested and approved. Just thought I would let you know in case she calls you again. The Encroachment Permit is with the City of Albany and is being reviewed by the Risk Manager. I will keep you informed on its' progress.

Thank you.

Rebekah,

Based on our discussion, it appears that access, both for bore SB10 and permitting through the city may be problems that contribute to a delay. Please use this email to document ACEH concurrence with the extension.

Mark:

Per our discussion yesterday, I would like to request an extension of February 15, 2014 for submission of the results report for RO0002974 soil and groundwater investigation.
