Hello Paresh,

The RP is eager to maintain compliance and is concerned about potential penalties. Any chance you can respond to our request for an extension to ease their worry?

Paresh,

Pangea respectfully requests an approximate 60-day extension until Monday, April 7, 2009 for submission of the requested Soil and Water Investigation Workplan (with Preferential Pathway Evaluation) for the subject site. You requested this Workplan by February 3, 2009, in your December 5, 2008. The extension is requested because the FCI facility required additional time to obtain funding for the assessment work.

If you have any questions or comments, you may contact me at 510.435.8664. Thank you in advance for your consideration. --Bob
