Subject: Meeting with BOP on Dublin diesel spill of 2008

Hi Ms. Drogos,

Enclosed you have a copy of my message to Mr. Paresh, from your staff, regarding our request to have a meeting, on site, with ACEH staff, on closing the Dublin spill remediation project.

We think that a brief assessment, on site, of specific environmental factors, environmental law applicability, and the extent of financial liability, between local and federal government is beneficial.

Please let us know your decision on meeting with us.
