Subject: RE: SLIC Case RO0002977 - FCI Dublin

Paresh,

Pangea respectfully requests an approximate 60-day extension until Friday, October 30, 2009 for submission of the requested Soil and Water Investigation Report for the subject site. The technical report was originally requested for August 24, 2009. The extension is requested because the FCI facility required additional time to obtain funding for the assessment work. We recently received approval to proceed and drilling is scheduled for September 1 and 2, 2009.

If you have any questions or comments, you may contact me at 510.435.8664. Thank you in advance for your consideration. --Bob
