Paresh,

On behalf of the responsible party (FCI), Pangea respectfully requests an approximate 60-day extension (to September 17, 2010) to complete the Soil and Water Investigation Workplan requested in your letter dated May 20, 2010. FCI is still in the process of securing Federal funding for workplan preparation and additional groundwater monitoring. Quarterly groundwater monitoring will commence once funds are secured and authorization is provided to Pangea.

Thank you in advance for your consideration.
