Paresh, thank you for your help with the well closure for 2020 Wake Avenue. I have attached the well closure report just to confirm that work has been completed on Case No. RO0002979, Geotracker Global ID T0600100662. I am having some difficulty entering data into geotracker and am waiting to get a password for the Alameda County FTP site. Is it possible to get an extension until next week to get the reports loaded onto geotracker and the FTP site? Thanks
