Dilan,

I arrived at work to find a voice mail message from Paul King re Red Hanger Kleaners. The gist of the message was that he has a call out to toxicologists for clarification on the use term "women of child bearing years". Also to inquire about the restrictions on "women of child bearing years" and "pregnant women" being in a building in environments where concentrations do/ don't exceed action trigger levels. Paul will follow up with me for discussion.
