

5/23/2016 Phone Log- RO2981 Red Hanger Kleaners, 6235-6239 College Ave., Oakland

Duration: less than 10 minutes

Received a phone call from Paul King of P&D Environmental this morning regarding RHK. Mr. King called to follow up with the distribution of the most recent fact sheet. His staff in the field last Friday made an attempt to locate the addresses for the two four-plex buildings along 63rd. The address attempt was made to discern how to address the individual units in the four-plexes. The attempt was unsuccessful. I said I would try to determine the addressing. Mr. King again confirmed the distribution of the factsheet.

Mr. King said another attempt would be made to establish the addresses today as they were to return to the site to cut the slab for the SVE system.
