Re; case, spoke to Holly in Aug 2005, requested addtl info, she said AEI no longer had file & transaction fell through so RP not requesting review.

She said property transaction active again.

Need from her:

Clarification of address, have 16660 & 16670-16690 E 14th, identify addresses using parcel map, etc.

Need maps showing locations of UST & dispenser system for the new and the old gas stations.

Need boring locations plotted on map to show relation of investigation locations to actual source areas.

Site is unincorporated San Leandro.

Sher will get this information to me.

Re: report from 1994, insufficient data to review, location of USTs not indicted
AEI did Phase 1 however report not included, requested she send us all reports for this site.

She does not recall site, will look up & call me back.
