Hi Paresh-

Can I trouble you for an update on the status of your review of the brief site investigation report for the above-referenced site? As you may recall, Mr. Chui has significant financial interests tied up in this property which require the County's ruling on potential site closure in a time-sensitive manner. Needless to say, you've been very helpful in this regard to date with your timely reviews.

I look forward to hearing from you on the status.

Thanks as always
Mehrdad
