Hi Jim,

I'm stuck not being able to respond due to a lack of funds. A request for funds was sent in October last year, but checking the case file it does not appear any have been forwarded. I am not able to respond otherwise.

Hi Mark,

Some time ago I sent you our response to your letter dated July 30, 2010. It outlined the current status based on the clean-up and sampling and address the Data Gaps issues you had surfaced. We have not heard any further on the clean-up project and was wondering were the project stands from the County prospective. Could you please advise me.

I am attaching a copy of our response.

Thanks for your help.
