**Categories:** Red Category

Hi Mark,

Cem Atabek of Ninyo & Moore has informed me that you are ACEH's point man for the 540 Cleveland Ave. soil remediation project. We at the City have all of the information we need to issue the Grading Permit for this project, pending your agency's approval.

**I can issue the GP on the basis of an email from you, so long as you indicate unequivocal ACEH approval of the project.**

Thanks and best,
