Hi Ms. Jakub,

As discussed during our phone conversation on 28 October 2010, Haley & Aldrich would like to request an extension for the report submittal for the Alameda Federal Center located at 620 Central Avenue in Alameda, California, so we can deliver you a complete report. Currently we do not have the manifest with the disposal facilities signature. The waste was picked up by ENV Environmental on October 14, 2010. It usually takes 4 – 6 weeks after that date to get a signed copy of the manifest from the landfill. Based on that turnaround from the landfill we are requesting a revised submittal date of November 30, 2010. If this information becomes available sooner, we will submit the report. Please confirm that this date is acceptable.

Thank you,
Charles Rome
