Donna,

Yes it is an LOP case. We are still waiting for a report from the RP; The City of Alameda. At this point I am considering just putting everything we have together and transferring it without waiting for the City.

Flavio,

I am attaching the form you are required to complete and submit as a result of the overflow/spill at 1616 Fortman Way, Alameda on March 5, 2009. The requirement to submit this report is listed in the UST operating permit conditions.

The report is due within 5 working days after the release. You can find the requirements for the reporting in California Code of Regulations Title 23, section 2650.

Regards,

Robert Weston
