Avery from ALTEC called re Crown Chevrolet RO3014. She is pushing for meeting. I reiterated that I'm working on RB projects and have not gotten to her case. I don't know when I can get to it. Avery had Susan Gotlieb (sp?) get on the line and for much of the same message- the property is involved in a transaction and we could have a meeting even if I have not looked at the case file. I mentioned that my supervisor would need to be present at the meeting and that my calendar is mostly open but that Donna's is fairly full. She asked for Donna's direct line- which I gave her- and said it would not be forward to bypass me and speak with Donna directly. Susan mentioned that ENGEO would be present (Shawn Munger) and I said that I used to work there and that I may have a conflict of interest with regard to the project. I said that if I could not be the case worker that perhaps the former case worker would pick up the case and be more up to speed on the case.
