Re: Pacific Bell Facility, located at 2100 Central Avenue, Alameda, CA

Dear Ms. Soto,

This office has reviewed Riedel Environmental Services, Inc.'s Tank Closure Report, dated July 27, 1993, for the above site.

Based upon the available information, and with the provision that the information provided to this agency was accurate and representative of site conditions, no further action related to the underground storage tank release is required.

If you have any questions or comments, please contact me at (510) 567-6763.

Sincerely,

Juliet Shin
Senior Hazardous Materials Specialist
