Dear Mr. Ramos:

Thank you for the analytical report concerning the removal of the underground storage tank from the above referenced site on December 28, 1993. That report has been reviewed and it is our opinion that this tank has been closed in compliance with Title 23 of the California Code of Regulations.

No further investigation or cleanup actions are required. Please be aware that further work may be required if conditions change or a water quality threat is discovered at this specific site.

If you have any further questions concerning this matter, please contact me at (510) 271-4530.

Sincerely,
