Dear Karel Detterman and Dilan Roe,

Thank you for settling my fuel leak case which has kept me concerned for over three years. As I am sure you understand living with an unresolved problem can be stressful.

As I said during our meeting yesterday, I applaud your work and support the mission of our Department of Environmental Health. Your approach to my case was both measured and thoughtful, based on factual interpretation. Happily the result is final closure.

If there is any need or question during the public comment period, please feel free to contact me.

Thank you again.
