

Source of material: Shattuck Import Service 652-1347 Excavation - underground tanks
6562 Shattuck Ave Oakland 94609

Owner or generator:
Kenneth Beesen

Who will be billed? Include billing address.
Kenneth Beesen

RECEIVED
1:34 pm, Jul 23, 2010
Alameda County
Environmental Health

Comments: Two tanks removed. Water level in excavation about 95" below grade + rising. Samples capped + refrigerated in immediately. Odor + information from excavators indicated leaks in pipework at the west end of the tanks. Samples chosen to be "worst case". Ground water shows no gasoline sheen or odor.

Expected material:
Gasoline in soil (see sketch)

Sample Code or ID
#1, #2, #3

Actual material: (Attach any documentation or printouts to this form.)

Sampled by: TREVOR PITTS (ZWS) Date: 5-22-85 From: (type of container or area) see sketch Sampling method: core sample of soil - core hammer

Time: 4:30 pm

Released by: (owner signature and print name)
Kenneth E. Beesen
To custody of: (signature and print name)
Trevor Pitts
