RE: Information Request for Fuel Leak Case No. RO0003046 and GeoTracker Global ID TO600100833

Dear Mrs. Jakub,

I, Gerardo Chavez, owner of property 1000 90th Ave. Oakland, Ca 94603, received a letter from the Alameda County Health Care Services Agency requesting information for fuel leak case no. RO0003046 and GeoTracker Global ID TO600100833. I bought this property in the year 2003 and I didn't receive any papers about the property having an underground storage tank and being removed in 1990 as the letter says. I tried looking for the previous owner Mr. Clifton Inaba but I couldn't locate him. If you have any further questions, please feel free to call me. Thank you.

Yours very truly,

Gerardo Chavez
