Subject: RE: RO#0003067 - UST (Underground Storage Tank) Case Closure Consideration for PUSD

Thanks; that great. That will add good information to the online case for the future should there ever be questions. I will also add the UST removal report since it is specifically for the case we just created and will pretty much complete the record.

You should know that I have already received concurrence by the SF Regional Water Quality Control Board (a procedural requirement), so I will try to complete our paperwork sometime this week. You should receive the official closure forms shortly thereafter.

Thanks for helping us wrap this up.

Hi Mark,

Attached is a signed "List of Landowners Form" as requested in your March 11, 2011 letter. Your letter also requested that Piedmont Unified School District claim the site in GeoTracker which has been done. We have uploaded to GeoTracker the PEA-SAP work plan reports and related correspondence. Because this was just completed today, you won't be able to view until Monday due to the 48 hour uploading lag time I'm told.

Also attached is the correspondence we received from DTSC terminating the EOA (Environmental Oversight Agreement - Docket #HSA-EOA 09/10-048) that Michael Brady mentioned.

Thanks,

Suzanne Binder
