Erik,
My apologies as it does not look like I responded. Please use this email to document approval of an extension to November 1. It does not get you totally out of the woods, but does for the most part.

Hello Mark,

Will you please grant an extension to the September 30, 2013 deadline? I am requesting a new deadline of November 1, 2013 to upload to the ACEH ftp site and to Geotracker.
