Subject: RE: 132 Guilford Road - site investigative report extension

Megan,

Thanks for the notification that an extension is required. I've updated Geotracker with the revised date to keep the site in compliance with state reimbursement requirements. You can use this email to document the extension should it be needed.

Thanks also for the reminder regarding your physical address; it's now done.

Subject: 132 Guilford Road - site investigative report extension

Good morning, Mark,

Sampling at 132 Guilford Rd. will take place tomorrow and Thursday with the neighboring well sampling on Thursday. The lab results will take approximately 3 weeks, therefore we will not be able to comply with the January 19th due date for the report. (As set out in your letter from October 25th.)

We are requesting an extended time frame to February 23rd.

Please confirm this change is ok with the County and feel free to contact me via email or phone if you have any questions or concerns.

Thank you,
Megan

(Also, please update my physical address in your files. I moved 5 years ago to 1550 Vista St., Oakland, CA 94602)
