Subject: Fuel Leak Case No. RO0003084, SALVATION ARMY, 601 WEBSTER ST., Oakland, CA
Attachments: DIR_L_2013-05-31.pdf

Dear Ms. Patterson,

I want to follow up with you regarding the status of work at the subject site. As you know subsequent to a meeting with Alameda County Environmental Health (ACEH) and Salvation Army on February 15, 2013, ACEH requested a soil and groundwater investigation be conducted at the subject property on May 31, 2013 (see attached). The Directive letter required the results of the investigation be presented in a site conceptual model with data gap identification report and uploaded to both the ACEH ftp site and the State Water Resources Control Board's (SWRCB) Geotracker website by August 30, 2013.

Based on a review of the case file to date, the requisite documents have not been uploaded and therefore your site is out of compliance with ACEH's directives. We are unaware of whether the work has been performed as ACEH has received no further communication with your consultant, Mr. Mike Sonke of Cardno ATC, since July 21, 2013. Please contact me by January 17, 2014 with information about the status of the investigation.

Additionally, please upload the requisite Site Conceptual Model with Data Gap Identification Report to the ACEH ftp site (Attention: Keith Nowell), and to the Geotracker website in accordance with the following specified file naming convention and schedule:

- **February 14, 2014– Site Conceptual Model with Data Gap Identification Report** (file name: RO0003084_SCM_R_yyyy-mm-dd)

Thank you for your cooperation. ACEH looks forward to working with you to advance the case toward closure. Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at keith.nowell@acgov.org.

Happy New Year,
Keith Nowell
