Hello everyone:

I was contacted by a perspective buyer, Mr. Mohammed Hac on 10/23/2013, inquiring as to the case's environmental status. As you recall, we had a conference call regarding the case on October 2, 2013, after which I informed Ms. Gardner, the current property owner, that Chevron representatives were planning on contacting her to begin access agreement negotiations. Alameda County Environmental Health (ACEH) requests a conference call with all parties and the perspective buyer to discuss the site and obtain a status update as to when site investigation activities (requested in the attached November 21, 2012 Directive Letter) would commence. Please e-mail me a range of proposed meeting or conference call dates and times starting on or after Thursday, November 7th.

Thank you,

Karel Detterman, PG
