Hal Hansen called on behalf of the present owner of Ed's Liquor Store to ask some questions and left his call back number. I returned his call; he works for Doulos Environmental (916) 990-0333 and is working for the attorney working for the current property owner (the Pulidos). Regarding the NOR, he wanted to know if he needed to get ACEH a response; I replied that since we use information on the Assessor's web site to determine the past & current property owners, and there can be a time lag g in updating the information, we additionally request the property owners to provide us with the most up to date information. If the Pulidos are the current property owner, then no further action is needed.
