Mark,

Based on the emails between us, the National Guard is in compliance as requested in the letter from the County to Jim Musillani dated December 21, 2012. All required documents were uploaded to the Geotracker website and the County of Alameda FTP site. Thank you for your assistance with this matter. Please let me know if there are any other concerns.

Sincerely,

Kelly Therrien

Kelly,

I don't have Jim's email address, but please copy him with this email chain. ACEH considers emails as a reasonable method to document that the CA ARNG is now in compliance.

Yes, this is all correct. Is there some sort of letter you can send to Jim Musillani of the CA ARNG notifying him that everything has been properly taken care of? I don't want to miss the February 8, 2013 cutoff date and have the CA ARNG responsible for a penalty/fine. For the time being, I will notify them of being in compliance.

Thank you,

Kelly Therrien

Hi Kelly,

Unless I'm wrong, but all the reports I see predate the tank removal, so I think we should be fine (they weren't done for the county, but for a "private" party and they were submitted only to help complete the record). You should consider your client to be in compliance (unless I figure it out otherwise? - or at least until otherwise notified...).

Thanks,

Hi Mark,

The Kleinfelder reports were prepared by Kleinfelder for the San Lorenzo Unified School District, so the CA ARNG and AIS really have no involvement with those particular reports. Wouldn't it be the school district's responsibility to get the proper stamps and signatures? Where do we go from here? I just want to make sure the CA ARNG is in compliance. I really appreciate your help with this matter!

Thank you,

Kelly Therrien

Kelly,
I think these were done prior to our involvement? If so they should not need the perjury statement and potentially the stamp, but let me know.
Thanks,
