Discuss site, RWQCB declined case as it is not a DOD facility, state national guard ACEH creating case, will be in Geot approx next couple weeks.

Need:

1. Assessors parcel #, appears 2 parcels comprise site?
2. All reports, data, phase 1s for this case at armory uploaded to RO3099
3. All reports, data, phase 1s for closed case at armory uploaded to RO641.
4. RP contact info: name, company mail address, email address, phone

Armory to revert to school property, will need to review old closure, this current release, any contamination sources to close for school use.

Will also contact DTSC since it is a school site.

RP wants residual issues closed, State of CA transferring site back to school district. Plan to collect more samples.

Discuss site. Referred to RWQCB as DOD site, they declined case as it is not a federal DOD facility. Will review files and create case. Will review site considering usage as school property, will need to inform DTSC School's Section to see what involvement they will want.
