MONITORING WELL DECOMISSIONING REPORT

Dear Mr. Klitz:

We have prepared this letter to document the decommissioning of one groundwater monitoring well located at 1551 Buena Vista Avenue, California (Site).

The abandonment was performed by a C-57 driller on September 26, 2013, in accordance with permit #W2013-0700 issued by the Alameda County Public Works (attached). The abandonment was completed by removing the well box, drilling out the entire well casing and annular seal using an 8-inch-diameter auger, tremie grouting the boring with neat cement, and patching the concrete. The well specification is provided below.

TABLE 1
Well Specification

Well ID	Total Depth (feet)	Screen Zone (feet)	Casing Diameter (inches)	Boring Diameter (inches)
MW-103	16.5	5 - 15	2	8

REPORTING

A well completion report was prepared by the driller (Gregg Drilling) documenting the well destruction specifications. The original hard copy was sent to the Department of Water Resources, Central District Office. A copy of the well completion report is attached.

If you have any questions regarding this letter, please contact us.

Sincerely,

ENGEO Incorporated

Divya Bhargava, PE

                 Shawn Munger, CHG

Specific Work Permit Conditions

1. Drilling Permit(s) can be voided/ cancelled only in writing. It is the applicant's responsibility to notify Alameda County Public Works Agency, Water Resources Section in writing for an extension or to cancel the drilling permit application. No drilling permit application(s) shall be extended beyond ninety (90) days from the original start date. Applicants may not cancel a drilling permit application after the completion date of the permit issued has passed.

2. Compliance with the well-sealing specifications shall not exempt the well-sealing contractor from complying with appropriate State reporting-requirements related to well construction or destruction (Sections 13750 through 13755 (Division 7, Chapter 10, Article 3) of the California Water Code). Contractor must complete State DWR Form 188 and mail original to the Alameda County Public Works Agency, Water Resources Section, within 60 days. Include permit number and site map.

3. Permittee shall assume entire responsibility for all activities and uses under this permit and shall indemnify, defend and save the Alameda County Public Works Agency, its officers, agents, and employees free and harmless from any and all expense, cost and liability in connection with or resulting from the exercise of this Permit including, but not limited to, property damage, personal injury and wrongful death.

4. Applicant shall contact Steve Miller for an inspection time at (510) 670-5517 or email to stevem@acpwa.org at least five (5) working days prior to starting, once the permit has been approved. Confirm the scheduled date(s) at least 24 hours prior to drilling.

5. Permittee, permittee's contractors, consultants or agents shall be responsible to assure that all material or waters generated during drilling, boring destruction, and/or other activities associated with this Permit will be safely handled,

properly managed, and disposed of according to all applicable federal, state, and local statutes regulating such. In no case shall these materials and/or waters be allowed to enter, or potentially enter, on or off-site storm sewers, dry wells, or waterways or be allowed to move off the property where work is being completed.

6. Remove the Christy box or similar structure. Destroy well by overdrilling & Tremie Grouting with Cement. After the seal has set, backfill the remaining hole with concrete or compacted material to match existing.

7. Copy of approved drilling permit must be on site at all times. Failure to present or show proof of the approved permit application on site shall result in a fine of $500.00.
