### REMARKS:

Susan,

Please find attached PES' Groundwater Monitoring Well Abandonments letter as requested. Please call to advise on the status. The well abandonments are scheduled for Tuesday October 8, 1996. PES also requests that you call Wyman Hong or Craig Mayfield (Zone 7) to provide your approval for the abandonments and to allow the permit to be issued.

Very truly yours,

Kyle Flory

PES Environmental, Inc.

**DATE:** February 3, 1997

**SUBJECT:** Emery Bay Market Place  
Emeryville, California

**PROJECT NO.:** 131.0200.001

This memo documents the details of our conversation on January 29, 1997 concerning the quarterly groundwater monitoring program at Emery Bay Market Place in Emeryville, California. As discussed, you have agreed to postpone the groundwater sampling for January 1997 in order for us prepare a request for closure. During the next few weeks, we will assemble a data package that will support a request for closure. If there is not sufficient information to support the request, quarterly monitoring will be rescheduled and we will notify you.

Please call us at (415) 899-1600 if you have any questions.

WELL COMPLETION REPORT FOR ABANDONED WELL  
EMERY BAY MARKETPLACE  
EMERYVILLE, CALIFORNIA**

Dear Wyman:

Enclosed is the Well Completion Report for well abandonment activities conducted at the above-referenced property on November 15, 1996. Well W-16 was abandoned under permit # 96812, from the Alameda County Flood Control and Water Conservation District (Zone 7). Per permit specifications, the well was overdrilled, the casing removed, and the borehole grouted and then backfilled to ground surface.

Yours very truly,
