Mr. Burt,

The September 4, 2013 letter which you attached presents results from a review of the site by Alameda County Environmental Health. There appears to be one additional report (SWI_R_2013-08-16) in our case files that I have attached.

Hello Mr. Wicham,
I spoke to Mr. Chris Tougeron today and he informed me that one of the reports (please see attached) has your name on it. I have knocked in all of the doors in a City of Oakland and ACDEH but no one has any documents. was wondering if attached reports can be used for issuing Clean Bill of Health for 4600 Grass Valley Rd., Oakland, CA.

Sincerely, Eduard Burt

Eduard here is the information that you requested. It should also be noted that the property is a part of the homeowners association across the street (a fact that they nor the seller were aware of). The HOA would prefer an all residential project (condos/townhomes/apartments) while the zoning proscribes mixed use. Suffice it to say that the HOA's desires will need to be taken into account and worked with during the entitlement process.
