Hi Karel,

I recently reviewed you Jan 10, 2014 request for a technical report for the subject site and was surprised to find that the deadline for submitting the work plan is March 13, 2014. I was under the impression that the deadline was March 31. Please forgive my oversight. I will prepare this document and submit it to you in draft format next week as we agreed. I request that the deadline for submittal of the final work plan be postponed for 30 days.

Thank you,
