All,

A new case number has been opened as discussed in the attached enforcement letter. It is RO0003140. Please upload responses requested in the attached letter to the ACEH ftp site and to Geotracker under this new case number rather than the old case number (RO000281). Responses to letters for the BP case should continue to be uploaded under the older case number. There will obviously be some overlap as the two cases get sorted out. If you have questions, please let me know.

Thanks,
