Valentin,

I just picked up your voice mail that reminded me of your previous email. Please use this email to document ACEH concurrence with an extension for the submittal of the site status and data gap work plan to July 31, 2014. I will update Geotracker shortly.

Dear Mr. Detterman,

On behalf of Mr. Delong Liu,

We respectfully request a 30 day extension of the time to develop a work plan for site investigation. The site presents some level of complexity that will require additional time for us to evaluate and we still have to apply to USTCF.

The "Work Plan and Site Redevelopment Status" Report will be submitted by July 31, 2014

and as you requested in you Notice to Comply letter dated June 10, 2014

the "Soil and Groundwater Investigation Report File" will be submitted to you 60 Days After Work Plan Approval

Mr. Delong Liu is willing to fully comply with ACEH requirements.

Best regards,
