INVITATION TO COMMENT – POTENTIAL CASE CLOSURE

**Adeline Foundry
3037 – 3115 Adeline Street, Oakland, CA 94608
SITE CLEANUP PROGRAM CASE RO0003142
GEOTRACKER GLOBAL ID T0000006053**

August 26, 2015

The above referenced site is a Site Cleanup Program (SCP) case that is under the regulatory oversight of the Alameda County Environmental Health (ACEH) for the investigation of petroleum hydrocarbons, metals, and semi-volatile organic compound contamination in soil that appears to be related to the former presence of a bronze foundry furnace at the subject addresses. Site investigation activities have been completed and it does not appear that residual contamination presents a risk to human health and the environment if the contamination is managed with a Site Management Plan and a Deed Restriction. Due to the residual contamination on site, the Site Management requirements require further evaluation if excavation at the site is needed, inclusive of utility repairs, or if redevelopment is under consideration at the site in the future. Therefore, ACEH is considering closure of the case.

This notice is being sent to the current occupants and landowners of adjacent properties and known interested parties for this site. The public is invited to review and comment on the potential closure of the case. The entire case file can be viewed over the Internet on the ACEH website (<http://www.acgov.org/aceh/lop/ust.htm>) or the State of California Water Resources Control Board GeoTracker website (<http://geotracker.waterboards.ca.gov>). Please send written comments to Mark Detterman at ACEH, 1131 Harbor Bay Parkway, Alameda, CA 94502; all comments will be forwarded to the responsible parties. Comments **received by September 30, 2015** will be considered and responded to prior to a final determination on the proposed case closure.

If you have comments or questions regarding this site, please contact the ACEH caseworker, Mark Detterman at 510-567-6876 or by email at mark.detterman@acgov.org. Please refer to ACEH case RO0003142 in any correspondence.
