Re: Case No. RO0003142- Adeline Foundry

Dear Dilan Roe,

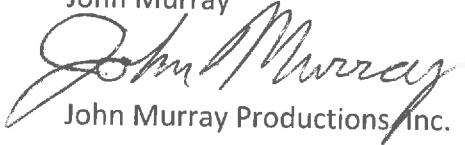

As the second public comment period nears the end for the former foundry site on Adeline Street, I am kindly requesting that you review this case in the most expedient manner possible.

As you may recall, my partners and I depleted our cash reserves to purchase this property (with all cash) as our lease option with the former owner was about to expire and we had yet to receive closure on this case. We urgently need to finance this property in order to solidify our tentative financial footing. In order to attract affordable financing, we need the documentation from your office that this case is closed.

Thank you in advance for your attention to this case which will allow John Murray Productions and Dogtown Athletic to continue our clean operations in West Oakland.

Sincerely,

John Murray
