Dave,

We have received the funds, but I have not had a chance to review the work plan. I will be out of the office all next week and have meetings scheduled in early December. I may be able to review the case file and work plan in early December. Let's target the third week in December for our discussion.

Regards,
Keith Nowell

Hi Keith, we spoke about this site a few weeks ago and you were still waiting for the payment for oversight to go through.

We have submitted a workplan on behalf of our client and the owner of the Property. I was wondering if there is a good time that we can discuss the proposed work.

We know it is likely that there will be some remediation and/or additional investigation required so we want to try to expedite getting this first work done so we can find out what is going on at the Property.

Also I find it very useful if we are on the same page before we start, it seems to make everything go a lot smoother.

Thanks, Dave
