NOTICE OF VIOLATION

Subject: **NOTICE OF VIOLATION and Request for Meeting**; Fuel Leak Case No. RO0003152 and GeoTracker Global ID T10000006327, Housing Authority of County of Alameda, 22941 Atherton Street, Hayward, CA 94541

Dear Ms. Gouig and Mr. Smith:

A review of the case file for the above-referenced site indicates that your case is currently in not in compliance with Alameda County Department of Environmental Health's (ACDEH) June 12, 2017 letter, which required a soil vapor intrusion work plan be prepared and submitted to this agency by August 28, 2017. This is nearly 12 months ago. Additionally, the case is also not in compliance with the May 18, 2018 Notice to Comply letter that requested ACDEH be contacted in order to set up a meeting by June 8, 2018, in an effort to directly communicate and move the case forward.

Implementation of site characterization at this site is important in order to be protective of human health and the environment and to move this case towards closure. Please note that as an identified Responsible Party, you are required by California Code of Regulations (Title 23, Division 3, Chapter 16, Article 11, §2720 through §2728) to characterize the site and implement any necessary corrective action.

In order to regain compliance, please forward potential meeting dates by the date specified below. Failure to contact ACDEH by the due date specified below will result in referral to the District Attorney (copied below). Please note that civil penalties for non-compliance are assessed from the original due date (August 28, 2017).

MEETING REQUEST

In an additional attempt to help site communications and preclude misunderstandings, ACDEH again requests a meeting in which to discuss the site and its particulars with you and your consultant. Please identify potential meeting dates and times that will work for your team and email your case worker in order to set up a meeting, by the date listed below. If the dates and times will not work for all, ACDEH will identify additional potential dates in which to meet.

TECHNICAL REPORT REQUEST

Please submit the following technical reports and deliverables to the State Water Board's Geotracker website and notify your case worker by electronic mail (mark.detterman@acgov.org), in accordance with the following specified file naming convention and schedule, as provided below, and in the Responsible Party(ies) Legal Requirements/Obligations which is included as Attachment 1. Please note ACDEH no longer accepts reports on the ftp site.

- **October 1, 2018 – Potential Meeting Dates**
Please email your case worker at the email listed below.
