Dear Ms. Maybrun:

Alameda County Environmental Health (ACEH) has completed its review of the subject case and will release the hold placed on the permitting for the geotechnical investigation. Due to the residual contamination at the site, please insure an appropriate Health and Safety Plan is prepared for the site, and that the a site workers have the appropriate level of training and personal protection equipment.

Any observations of odors, staining, or other evidence of environmental impact should be noted on the report bore logs.

Please upload the geotechnical report to both the ACEH and California State Water Resources Control Board (SWRCB) GeoTracker websites. Additionally, please uploads the bore logs as GEO_BORES to GeoTracker within 30 days of completion of drilling.

Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at keith.nowell@acgov.org

Regards,
Keith Nowell
