Don,

Extending the schedule for Work Plan submittal to August 26, 2015 for Site Cleanup Program case RO0003158 is acceptable.

Regards,
Jerry Wickham

Subject: Site Cleanup Program Case No. RO0003158 - Walgreens Sunol Diesel Spill

Jerry: Thank you for taking my call today regarding the above cleanup case. On behalf of Walgreens, I am requesting a time extension in response to your letter to Walgreens dated June 11, 2015 for submittal of a technical report for site characterization of the fuel spill that occurred on November 22, 2014. In response to your above referenced letter, I have presented Walgreens with a proposal to prepare a workplan for a scope of work to characterize the site and downgradient area for the release of diesel fuel. Walgreens is in the process of reviewing our proposal. I request that you extend the timeline for submittal of a technical report to August 26, 2015 to allow Walgreens time to approve a scope of work and submittal of a workplan for review by your agency. Please confirm receipt of this email and your approval of this request. Thank you.
