Subject: RE: Walgreens Sunol Spill - RO0003158

Don,

Based on your request, the schedule for submittal of a Work Plan for case RO0003158 is extended to January 18, 2016.

Regards,
Jerry Wickham

Subject: Walgreens Sunol Spill - RO0003158

Jerry: Once again, I am requesting a time extension to respond to your June 11, 2015 letter to Walgreens requesting a workplan to characterize the Sunol fuel spill impact to soil and potentially groundwater. In July I requested an extension on behalf of Walgreens; however, the Walgreens Woodland Distribution Center was not capable of handling the request. A delay occurred and Walgreens asked Clean Harbors, the spill cleanup company to oversee the environmental investigation as they had knowledge of the incident. Clean Harbors requested that we contract directly with them to conduct the requested action. Our original proposal was accepted and another time extension was requested; however, upon legal review the project stalled again until the contract terms were agreed upon by both companies. This occurred a few days ago. Now that we are into the end of the year holidays, I am requesting an extension until January 18, 2016.

Please advise if this is acceptable. Thank you and happy holidays.
