Subject: Site Cleanup Case No. RO0003168, Cross Alameda Trail, Ralph Appezzato Memorial Parkway, Alameda

Good Evening Abdulla:

Alameda County Department of Environmental Health (ACDEH) has completed our review of the Draft Investigation Report for the Cross Alameda Trail dated September 29, 2016 prepared by Tetra Tech on behalf of the City of Alameda. The report presents the results of additional soil and groundwater field investigation activities conducted in June 2016 to further evaluate the extent of chemical contamination at the subject site within the former railroad corridor to support the planned project at the site called "Cross Alameda Trail". I would like to schedule a meeting with you and your consultant to discuss the results of the investigation, recommendations for further sampling and analysis, the proposed remedial action work plan presented as Attachment 6 of report and the project schedule. My schedule is quite full this week however as I know time is of the essence for the project I am hoping that you can meet either tomorrow at 4 pm or Friday at 11 am. Please let me know if either of these dates or times work for you. If not I have availability the following week on 1/27 in the afternoon.

Dilan

Good morning Dilan,

Can you please give me an update on the status of City of Alameda's application - Case No. RO0003168?
I sent you two emails and have not heard from you.

Hi Dilan,

This morning I sent Anne an email, you were cc'd, asking that she provides me with a status update of the City of Alameda's application. In her December 22's email she committed to finish the review of the city of Alameda's application and respond to us by December 20, 2016.

I received the message below that she is out of the office and return on Thursday, January 19, 2017. I have not received Anne comments as she promised on December 20 telling us whether our application was approved or not. And now she is out until January 19. We urgently need your assistance with matter. The City of Alameda submitted the application in July 2016 and to date we do not know the status of the application. Any thing you can do to help, would be greatly appreciated. Thanks.

Hello Abdulla,

I just consulted with Dilan Roe. The above-referenced case is in ACDEH's queue. We plan on finishing our review of the submitted Site Investigation and draft Soil Remediation Work Plan and responding with our directive by December 20, 2016. We appreciate your patience. Let me know if you have further questions.

Wishing you and yours a happy holiday.

Sincerely,

Anne Jurek, M.S.

Hello Abdulla,

My apologies for the delayed response. My plan is to talk to Dilan today to discuss ACDEH's response to the site investigation and draft soil remediation work plan that was submitted.

Hi Anne,
It has been several months since the City of Alameda submitted its application to the county. Can you tell me the status of our application? Thanks.

Hello Abdulla and Victor,

As of last week when we received Victor's email requesting a meeting by July 28, that day was already booked up with us. My apologies for the delay in our response.

I will immediately discuss with Dilan the soonest alternative date and time that we have available. Thank you.
