Subject: New Site Cleanup Program Case No. RO0003176, 39155 and 39183 State Street, Fremont, CA 94538

Dear Mr. Hopkins:

In response to your request, Alameda County Environmental Health (ACEH) has opened a Site Cleanup Program (SCP) case to provide regulatory oversight for the above referenced site. We understand that the purpose of the case is to provide regulatory oversight for additional investigations or cleanup that may be required to address potential risks from the detection of tetrachloroethene and benzene in soil vapor in the area of a planned development.

Funds for regulatory oversight in the voluntary cleanup program are provided directly by the property owner or other responsible parties. Therefore, we are requesting the submittal of a check made payable to Alameda County Environmental Health in the amount of \$6,000.00 as a deposit for regulatory oversight. Please send your check to the attention of our Finance Department. This deposit may or may not be sufficient to provide all necessary regulatory oversight. Funds received by ACEH for cases such as yours, are held in a deposit/refund account. The deposit/refund account is charged on an hourly basis as case work is performed. If these funds are insufficient, an additional deposit will be requested. Otherwise, any unused monies will be refunded to you or your designee.

The deposit is authorized in Section 6.92.040L of the Alameda County Ordinance Code. Work on this project is being debited at the Ordinance specified rate, currently \$204.00 per hour. Please write "SCP" (the type of project), account number "AR0346928", and the site address on your check. Case files can be reviewed online at the following website: <http://www.acgov.org/aceh/index.htm>.

Sincerely,

Jerry Wickham, California PG 3766, CEG 1177, and CHG 297
Senior Hazardous Materials Specialist
