Dear Mr. de Guzman:

Subject: Water Well Located Within – PLN2015-00032, (State Street Mixed-Use Development), 39155 State St., ACWD No. 2013-0076, (ACWD Site # 0690), WC 2014-0101

Alameda County Water District (ACWD) has determined that the following water well, shown on the attached sketch, is located within the property boundaries of the development:

**WATER WELL NUMBER
4S/1W-33D002**

In order to protect the groundwater basin, which constitutes a major source of water supply for this area, each well must either be in compliance with ACWD Ordinance No. 2010-01, brought into compliance, or properly destroyed prior to development. The owner through a written submittal may request a well compliance review. Per the above ordinance, a permit is required before any work may begin on a well. Application for a permit may be obtained from the ACWD, Engineering Department, at 43885 South Grimmer Boulevard, Fremont. Before a permit is issued, the applicant shall deposit with the District, cash or a cashier's check in a sufficient sum to cover the fee for issuance of the permit or charges for field investigation and inspection.

As a further condition, ACWD reserves the right to refuse water service within this development until such time as well issues are resolved in accordance with ACWD Ordinance No 2010-01.

Compliance with ACWD Ordinance No. 2010-01 requirements does not imply a commitment of water service to this development by ACWD. Any questions regarding water service should be directed to the Development Services Division of ACWD's Engineering Department at (510) 668-4499.

Thank you for your cooperation in this matter.

Sincerely,

Michelle A. Myers for
