Hi Matthew,

Your drilling permit application for a total of 10 borings for soil gas samples collection (six samples will be collected alongside the sanitary sewer on State Street and the northwestern property boundary and four borings within the footprint of planned elevators) is approved.

ACWD requires scheduling and inspection of permitted work. Please call (510) 668-4460 to schedule the field work. Please let me know if you have any questions.

Sincerely,

M. Selim Zeyrek  
Groundwater Resources Engineer
