I will contact Jennifer Brady. We would like to get a copy of your inspection report. If needed, we should be able to reference photos in your CUPA files.

Thanks,

Thanks Jerry,

Will you be letting Jennifer Brady know about this possibility? I have completed my CUPA inspection, but I have not put together the photos yet. Let me know if you would like a copy of the inspection reports or photos.

If you have any questions, feel free to contact me.

Thank You!

Kevin,

The Regional Board is considering taking this case but they are still trying to deal with coordination issues with DOGGR. If the Regional Board does not take the case, I will move forward with getting E&B into voluntary oversight.

Good morning Jerry,

Chris and I spoke to Dilan about E&B Natural Resources and she said you would be heading the project. The property owner, Philip Marshall and E&B Natural Resources would like to make sure that a third party regulatory agency is overseeing the project regarding their contaminated soil. The contact from E&B is Jennifer Brady, who is their Environmental Compliance Coordinator. Please contact her to let them know what they need to do to begin the Voluntary Cleanup Agreement process.
