Hi Jerry,

I was out of the office most of today but will be available tomorrow if you have any time. Otherwise we'll talk some more next Monday when you're back in the office. I would like to get some more information on the program first, but yes E&B is willing to participate in the voluntary cleanup program.

Jennifer,

I tried to call you today but was not able to reach you. I wanted to get some additional information on the soil cleanup at 8467 Patterson Pass Road, Livermore and to also confirm that E&B Natural Resources is willing to enter a voluntary cleanup with our agency. I will be out of the office until Monday, June 29. I will try to call you Monday or please let me know what would be a good time to contact you.
