Subject: RE: Lucasey Site - Project Meeting

Trent,

Please give me a call to discuss. Next week will be my last week with Alameda County. The best course of action may be to submit your Report for review by the new case worker and meet with the new case worker after they have reviewed the report.

Regards,
Jerry Wickham

Subject: Lucasey Site - Project Meeting

Jerry,
I hope you had a wonderful holiday.
We have completed the additional sampling at the Lucasey Site, and the results were generally similar to those we saw previously. We are still recommending the vapor barrier as a protective measure. We will be getting our report to you shortly and would like to see about scheduling a meeting with you this week. Please let us know your availability.
Kind regards,
Trent
